MWM League – <https://westernwaketennis.com/leagues/winter-doubles/>
1 mens doubles, 1 womens doubles, 1 mixed. NTRP not to exceed the level of that league. NTRP based on rating at the time of registration.

All leagues:

Format : 2 tiebreak sets, 3rd set is 10 pt tiebreaker

Heat/Cold Rule: Teams have the option to reschedule if the “feels like” temperature (which includes wind chill) is forecasted to be 35 degrees or less at match start time. Both captains should check the hourly forecast using their match location on Weather.com (see link below). This decision cannot be made until 2 hours before the match and no other weather resources can be used to obtain the forecast. If captains still want to consider playing in the cold, both captains must be in agreement. When matches are rescheduled, the new date and time confirmed will be treated as the new match date. Matches should be made up within 4 weeks but please contact the LLC if you have special circumstances and cannot meet that requirement.

Scheduled Match: Matches should be played on the scheduled date/time as noted. If match is rained out, you have 4 weeks to reschedule until the end of the season. Check with LLC if the match make up will occur after the season has concluded. Players arriving 15-minutes after match start time are considered defaulted.

USTA/CENTRAL rules for continuous play, captains contacting opponents prior to match time, make ups, etc are generally the same for WWTa leagues. USTA rules apply. <https://westernwaketennis.com/usta-leagues/rules-regulations/>
